8-10 October 2015, Shanghai Institute of Organic Chemistry,
Chinese Academy of Sciences, Shanghai, China

NSFC-RSC International Symposium on Emerging Frontiers in Organic Synthesis

Themes

New transformations

Sustainable catalysis

Natural products

Key Deadlines

Poster abstract submission

7 August 2015

Final registration

14 September 2015

**Attendance is free of charge
but registration is required.**

Plenary Speakers

Scott E. Denmark, University of Illinois at
Urbana-Champaign

Lizhu Wu, Technical Institute of Physics and
Chemistry, CAS

Invited Speakers

Matthias Beller, Leibniz Institute for
Catalysis (LIKAT Rostock)

Jonathan Burton, Oxford University

Vy M. Dong, University of California, Irvine

P. Andrew Evans, Queen's University

Alison J. Frontier, University of Rochester

Hanmin Huang, Lanzhou Institute of
Chemical Physics, CAS

Yong Huang, Peking University

Hajime Ito, Hokkaido University

Ang Li, Shanghai Institute of Organic
Chemistry, CAS

Guangxin Liang, Nankai University

Guosheng Liu, Shanghai Institute of
Organic Chemistry, CAS

Sanzhong Luo, Institute of Chemistry, CAS

Andrew D. Smith, University of St Andrews

Chunjiang Wang, Wuhan University

Andrei K. Yudin, University of Toronto

Yong-Gui Zhou, Dalian Institute of
Chemical Physics, CAS

Scientific Committee

Shuli You (Chair), Shanghai Institute of
Organic Chemistry, CAS

Ning Jiao (Chair), Peking University

Yongjun Chen, National Natural Science
Foundation of China (NSFC)

John Clough, Syngenta AG

Kuilong Ding, Shanghai Institute of Organic
Chemistry, CAS

Xiaoming Feng, Sichuan University

Alison Hulme, University of Edinburgh

Guoqiang Lin, Shanghai Institute of
Organic Chemistry, CAS

Shengming Ma, Fudan University

Yong Tang, Shanghai Institute of Organic
Chemistry, CAS

Yongqiang Tu, Lanzhou University

Jin-Quan Yu, The Scripps Research Institute

Andrei K. Yudin, University of Toronto

Qiyu Zheng, National Natural Science
Foundation of China (NSFC)

Qilin Zhou, Nankai University
